Summary

Detail-oriented software developer with 2+ years of experience in building scalable and responsive web applications. Proficient in React.js, Next.js, and Node.js, with solid foundations in modern web technologies and API development. Passionate about solving complex problems, enhancing user experiences, and contributing to high-performing development teams.

Skills

React.js, Tailwind CSS, Next.js, Rest API, Node.js

Projects

Become Ingenious – https://becomeingenious.vercel.app: A dynamic learning and motivation platform for aspiring developers. Built with React and Tailwind CSS on the frontend and Node.js/Express on the backend. Features include user authentication, blog articles, and resource curation.

BlogTide – https://blogtide.vercel.app: A full-stack blog platform enabling users to post, read, and manage content. Developed with React, Node.js, Express, and MongoDB. Integrated REST APIs, responsive UI design, and form validation.
